## Homework #23

## Due next class, Th 5/8 OR Friday 5/9 my office no later than 1:30

## **Revise Essay 5**

Remember that to revise is literally to "re-see." Re-see your Essay 5—what are its possibilities? Whom do you want to reach? Do you want to persuade readers, to alert them to something they may not be aware of, to consider an issue that you believe is well worth thinking about? Make your intention clear. In addition, make each sentence and each word do its proper work (another way of saying—re-read your essay for grammar and phrasing).

Also: Re-read my comments and classmates' comments before you revise!

Please hand in your first draft and this cover sheet with your new draft.
